CAREER OBJECTIVE

I'm Ramji B, a second-year CSE student at KPRIET and a full-stack developer with skills in HTML, CSS, JavaScript, React, Node.js, Express, and Tailwind CSS. I've completed a Web Development Bootcamp, worked on various projects, and have experience with PostgreSQL and currenlty Learning Cloud in AWS.

EDUCATION

Bachelor of Engineering (B.E), Computer Science & Engineering   2023 - 2027
KPR Institute of Engineering and Technology

TRAININGS / CERTIFICATIONS

Aws Certified Cloud Practitioner
Nov 2024 - Dec 2024

udemy, Virtual

The AWS Certified Cloud Practitioner is an entry-level certification that validates basic knowledge of AWS Cloud services. It covers cloud concepts, AWS services, security, and pricing, making it ideal for beginners or non-technical roles like business analysts. It also lays the foundation for more advanced AWS certifications.

Web Development Bootcamp
Jan 2024 - Aug 2024

udemy, Virtual

Completed a comprehensive Web Development Bootcamp, gaining hands-on experience in HTML, CSS, JavaScript, React, Node.js, Express, Web3, DApps, Blockchain, and ICP. Developed multiple projects, including decentralized applications (DApps), and enhanced my skills in full-stack development and blockchain technologies.

PORTFOLIO

[GitHub link ↗](#)

[Leetcode link ↗](#)

PROJECTS

[PARKING WEBSITE ↗](#)
Jul 2024 - Oct 2024

A team-based parking management website that allows users to search for available parking spaces, book a spot in real-time, and manage bookings. The system uses IoT-based number plate recognition for automated entry and exit, streamlining the parking process and improving efficiency.

[AI-INTEGRATED APLLICATION ↗](#)
Oct 2024

AI Navigator is a versatile web application that integrates a range of AI-powered features to boost productivity and creativity. It includes: Gemini API for dynamic conversations and code generation. Hugging Face API for generating creative images. Custom Python FastAPI for language translation. Video Fetcher for discovering relevant videos. QR Code Generator for creating custom QR codes. Open Weather API for real-time weather updates. With a user-friendly, responsive design and an easy-to-navigate sidebar, AI Navigator brings multiple powerful tools to enhance user experience.

[Personal Portfolio ↗](#)
Sep 2024

This is my personal portfolio, built using HTML, Tailwind CSS, and React. It highlights my web development skills through responsive design and interactive elements.
